PULAKANDLA RAGHAVENDER REDDY

AI & Data Science Engineer | Full-Stack Developer | LLM Application Builder

@ raghavendarreddy777@gmail.com 7671841671 Hyderabad, India [LinkedIn](#)
[GitHub](#)

ABOUT ME

Computer Science undergraduate specializing in AI & Data Science, passionate about building intelligent applications that solve real-world problems. I love developing LLM-powered tools, full-stack platforms, and browser-based projects. I also enjoy game development, creative digital media, and contributing to the tech community. I am driven by a goal to build AI products that are accessible, multilingual, and impactful.

Objective: Seeking opportunities to apply AI/ML expertise in a dynamic environment, contribute to innovative products, and grow as a developer and team leader.

EDUCATION

Institution	Stream	CGPA	Timeline
B.Tech – CSE (AI & DS) IFHE Hyderabad	AI & Data Science	6.78	Aug 2023 – Present
Board of Intermediate (MPC) Narayana Jr. College	MPC	8.8	2021 – 2023
SSC (10th) – Revathi H S Shankarpally, Ranga Reddy Dist.	General	9.2	May 2021

INTERNSHIP EXPERIENCE

AI Developer Intern VISWAM.AI May 2025 – Aug 2025

- Built & deployed 2+ open-source AI apps (CultureBot, Label-it) on Hugging Face Spaces using Python, Streamlit & GPT with multilingual support for 3+ languages and 40+ active user sessions.
- Architected Label-it, a scalable image annotation platform with authentication & backend for structured AI training dataset creation.

Front-End Web Dev Intern Edunet Foundation – IBM SkillsBuild (AICTE) Aug 2025 – Oct 2025

- Completed 6-week intensive program in HTML, CSS & JavaScript; delivered capstone project with responsive design and cross-browser compatibility; earned joint AICTE & Edunet certification.

System Administrator Intern (Virtual) ServiceNow – AICTE Eduskills May 2025 – Aug 2025

- Implemented ITSM workflows on ServiceNow platform; completed all modules earning the AICTE ServiceNow certification.

PROJECTS

CultureBot: AI Travel & Culture Educator [\[Live ↗\]](#) Python, Streamlit, GPT API, HTML/CSS/JS 2025

- Led team of 3 to build multilingual GPT travel assistant with text-to-speech & real-time cultural recommendations; deployed on Hugging Face Spaces with <2s response latency across 3+ languages.

Label-it: Community Image Tagging Platform [\[Live ↗\]](#) Python, Streamlit, HTML/CSS/JS 2025

- Architected multilingual image annotation platform with user auth & backend persistence for scalable AI dataset creation.

Nexa: AI Voice Agent [\[Live ↗\]](#) HTML, CSS, JavaScript, Web Speech API 2025

- Built browser-based voice AI assistant with real-time speech recognition and low-latency responses; deployed on Vercel.

Portfolio Website [\[Live ↗\]](#) HTML, CSS, JavaScript 2024

- Developed responsive personal portfolio showcasing projects with modern UI and smooth navigation.

Alcohol Detection System C++, Arduino 2024

- Engineered Arduino-based vehicle safety system with real-time alcohol sensors and automated alerts.

Text Humanizer [\[Live ↗\]](#) HTML, CSS, JavaScript 2024

- Created a web-based text enhancement tool to improve readability and generate more natural language output.

MediSense: AI Medical Assistant React, TypeScript, Express.js, Groq AI, MongoDB 2026

- Built full-stack AI health platform using React 18, TypeScript & Express.js backend; integrated Groq AI (LLaMA-3.3-70B & LLaMA-3.2-11B Vision) for intelligent medical report analysis and AI Doctor Chat.
- Implemented OCR service for PDF & image extraction, JWT & Google OAuth 2.0 auth, and MongoDB for medical records; biomarker trend tracking and report generation.

ACHIEVEMENTS

Hackathons & Competitions

- Qualified for Smart India Hackathon 2025 (Software Development) – national-level competition.
- 2nd Place – TechSprint at GDG On Campus IFHE.
- Active member of ABC Club – organized and hosted campus events.

CERTIFICATIONS

- Microsoft Azure AI Fundamentals (AI-900)
- Career Essentials in Generative AI – Microsoft & LinkedIn
- Career Essentials in Data Analysis – Microsoft & LinkedIn
- Data Processing & Visualization – Nasscom
- ServiceNow System Administrator – AICTE Eduskills
- Front-End Web Development – AICTE & Edunet / IBM SkillsBuild
